# Lectora Intermediate

*Instructor-led Training Class*

## Class Overview

This class goes above and beyond the basic uses of Lectora, focusing primarily on the use of variables and conditional actions within a title. In this course, you'll learn how to take your Lectora knowledge to the next level. In this one-day instructor-led course you'll use variables to track user interactivity, display both generic and user information, and conditionally branch within a title. Finally, you'll learn how to publish a title to AICC/SCORM, for use within a learning management system.

**The topics covered in class can be tailored to the unique needs of your organization**.

## Agenda

### Training Day

Start: 10:00
Lunch: 12:00 to 1:00
End: 5:00

## Outline

### Beyond the Basics

- Media Library Organizer
- Pop-up Window
- Grouping and Ungrouping Objects
- Keystroke Actions
- Working with Tests
- Audio Events
- Library Objectives

### Working with Variables

- Variables
- Using the Variable Manager
- Displaying a Variable's Value
- Modifying a Variable's Value
- Conditional Actions

### Tracking & Status Indicators

- Tracking
- Adding a Status Indicator
- Status Indicator Actions

- Tracking Status as a Condition

### Publishing to SCORM

- Working with Assignable Units
- Publishing to SCORM/Web-based

### Responsive Course Design

- Creating a Responsive Course
- Responsive Design Inheritance
- Triggers, Actions and Conditions
- Use Page Layouts

### Tutorial

- Additional Functionality
- Responsive Course Design Tutorial

# Details and Materials

### Format

Instructor-led online class

### Duration

1 day

### Materials

- Class Manual: Step-by-step instructions, tips and hints designed to reinforce live instruction and provide a resource for students who wish to review and reproduce class activities asynchronously.
- Exercise Storyboards: Guides to building the class projects with references to resource documentation.
- Digital Assets: Files such as audio, video and images that are prepared in advance by the instructor for use in class projects.

# Prerequisites

Students must meet the following minimum requirements:

- Before taking this course, you should be comfortable with creating a course structure, adding content to a title, creating buttons, and have an overall understanding of Lectora's book metaphor, inheritance, and modes. These concepts are covered in the Lectora Fundamentals training.
- Each student will need a copy of Lectora Intermediate. (trial copy okay)
- Proficiency using a Web browser
- Basic Windows knowledge, including the ability to:
  - Launch applications using the Start menu
  - Use the taskbar to switch between Windows applications
  - Use Windows Explorer, to navigate the file structure, change the view of file listings, move and copy files, and create new folders (or directories)
  - Copy and paste text
